

## Holy Cross Primary School New Gisborne

### Child Safe Standard 7 Strategies to promote the participation and empowerment of children

#### Rationale

Developing the capacity in children to raise concerns about their safety requires schools to have a focused and intentional commitment to cultural and structural change that has the empowerment of children as the goal. For Catholic schools, 'the dignity of every person, independent of ethnicity, creed, gender, sexuality, age or ability, is the foundation of Catholic Social Teaching principles' (Caritas Australia 2016).

Schools, in partnership with families, will ensure children and young people are engaged and active participants in decision-making processes, particularly those that have an impact on their safety. This means that the views of staff, children, young people and families are taken seriously and their concerns are addressed in a just and timely manner. Children and young people are also provided with the necessary skills and knowledge to understand and maintain their personal safety and wellbeing (CECV 2016).

#### In Brief

Standard 7 underlines the critical importance of schools fostering an environment of openness, inclusiveness and respect where children feel valued and 'have an awareness of their rights and adults' responsibilities regarding child abuse' (State of Victoria, Department of Health and Human Services 2015). In such an environment, children are supported by being taught skills to maintain personal safety and simple processes for reporting abuse, inappropriate behavior or concerns for their safety and they feel comfortable to do so.

## Ministerial Order Requirements

The Victorian government has introduced minimum Child Safe Standards into law to ensure that organisations providing services for children create child-safe environments. In accordance with Ministerial

Order No. 870 (State of Victoria, Department of Education and Training 2016), under the Education and Training Reform Act 2006 (Vic.), all Victorian schools will be required to comply with these new standards from 1 August 2016 as part of their registration requirements.

The Ministerial Order specifies the following requirements for schools regarding Standard 7:

1. The school governing authority must develop strategies to deliver appropriate education about:

- a. standards of behaviour for students attending the school;
- b. healthy and respectful relationships (including sexuality);
- c. resilience; and
- d. child abuse awareness and prevention.

2. The school governing authority must promote the child safety standards required by this Order in ways that are readily accessible, easy to understand, and user-friendly to children (State of Victoria, Department of Education and Training 2016).

## Actions at Holy Cross School
